

**Mainframe Developer with 4.0 Years of experience.**

---

**OBJECTIVES:**

Seeking for an organization that is committed to business and employees, where I can apply my logical strength and innovative ideas in a motivating environment to achieve success.

**TECHNICAL CAPABILITIES:**

**Languages/Database** : COBOL, DB2, JCL, VSAM, EASYTRIEVE  
**Tools** : Service Now, File Manager, Endeavor, RMDS, OPC

**EMPLOYMENT SUMMARY:**

➤ **Company** : Mind tree LTD  
➤ **Duration** : MAR 2015-SEP 2015  
➤ **Designation** : Mainframe Software Engineer  
➤ **Company** : TEK SYSTEMS(UNITED HEALTH GROUPS)  
➤ **Duration** : SEP 2015- APR 2016  
➤ **Designation** : Mainframe Software Engineer  
➤ **Company** : UNITED HEALTH GROUPS  
➤ **Duration** : APR 2016- Till date

**PROJECT DETAILS:****Project1:**

**Project Title** : AIG TPAIR  
**Company Name** : MINDTREE LTD  
**Duration** : MAR-2015 to SEP-2015  
**Team Size** : 3  
**Technology used** : COBOL, DB2 and JCL.  
**Tools** : Service Now, OPC, File Manager

**Project Description:**

TPAIR stands for Third Party Adjuster Interface Requirements. TPAIR provides centralized Database to American International Group (AIG) for Worker's Compensation Claims & Drafts along with online reports for users to verify the accuracy of data and make updates as per underwriting requirements. TPAIR also includes a web based Policy Processing System for the claims. The main focus of the project is to have a centralized database that will provide information to other interfacing systems. The application populates the database and enables the users to view data with online screens. The project design is based on porting of the application from the mainframe environment to the Java platform in a 3-Tier application.

**Responsibilities:**

- Modifying Code According To the Requirement.
- To Identify the Appropriate JCL's and Procedure's.
- Effectively documenting the work procedure for future reference.
- Testing Split Loss Reversals process for TPA initiated changes such as Major Class Codes, Accident Dates or Policy Numbers

**Project2:**

**Project Title** : **FSG**  
**Company Name** : **UNITED HEALTH GROUP**  
**Duration** : **SEP 2015- TILL DATE**  
**Team Size** : **6**  
**Technology used** : **COBOL, DB2 and JCL.**  
**Tools** : **ENDEAVOR, OPC, File Manager**

**Project Description:**

FSG stands for financial Systems group. It is a business unit that has responsibility for providing all financial and accounting (Cosmos Finance Accounting System), FSDB (Financial Summary Database) and many other systems. CFAS is the financial tagging system for all the Claims, membership and revenue that flows through the Cosmos.

**Responsibilities:**

- Modifying Code According To the Requirement.
- To Identify the Appropriate JCL's and Procedure's.
- Development of the new batch programs using COBOL, DB2, JCL, VSAM.
- Involved in preparing test plans for Independent Unit testing and System testing.
- Impact analysis for requirement changes, finding affected list of programs and homogeneous implementation
- Testing the Applications for the business requirement and responsible for delivery from offshore.
- Involved in System testing and attending to the trackers raised and resolving them in time.
- Responsible for correct versioning of code by creating and moving the packages using Endeavor.
- Effectively documenting the work procedure for future reference.

**PROFESSIONAL EXPERIENCE:**

**Total IT Experience** : **4 Years**  
**Relevant Experience** : **4 Years**

### **EDUCATION QUALIFICATION:**

- **B.TECH** in Electronics and Communication Engineering from TKR College of engineering and Technology (Affiliated to JNTUH), Hyderabad with an aggregate percentage of **77.2%** in 2014.
- Completed Intermediate from Narayana Junior College, Hyderabad with **94.2%** marks in 2010.
- Completed SSC from Model High School, Suryapet with **90%** marks in 2008.

### **CERTIFICATION:**

- IBM Certified Database Associate DB2 IBM 9 Fundamentals
- Six Sigma Lean Certified

### **PROFESSIONAL COMPETENCIES & STRENGTHS:**

- Proficiency in programming languages.
- Quick learner.

### **PERSONAL DETAILS:**

Name : R. Haritha.  
Gender : Female  
Date of Birth : 30th April, 1993  
Father's Name : Venkat Reddy  
Marital Status : Single  
Languages Known : English, Hindi, and Telugu
